# AVGO Middle East

AVGO Middle East, established in 2006, is a private company operated by experienced professionals from the freight forwarding and courier industry. We fill the gap between companies like DHL, TNT, UPS, FedEx, and other freight companies. AVGO Middle East is a licensed GCAA approved DG transporter. Our staff are certified and trained by IATA, specialized in handling DG with more than 10 years of experience.

Our services are designed to let clients have a smooth DG movement operation. We arrange everything from collection anywhere in the UAE, preparing for transit on the same day, and monitoring until it's delivered to the destination. We also provide and arrange international shipping by air, road, or sea, giving the best solution to your shipment requirements.

## **DOOR TO DOOR DOMESTIC SERVICE**

- Same day customs clearance & delivery

- On-Board Courier, hand carry service
- Multiple piece and heavy weight shipments check as access baggage
- Secure and confidential
- Proactive communication worldwide
- Proof of delivery confirmed anywhere in the world by "GSM"

---

## WE CAN CLEAR AND PROCESS ANY TYPE OF SHIPMENTS BESIDES DANGEROUS GOODS

1. **Effective Procurement Logistics** - Inferior quality of information supplied to shipping line, or air carrier by some vendor's agent may cause delays, and excessive fees for storage charges and in extreme cases fines. In addition, consolidation whilst cheaper at origin incurs additional cost at destination (i.e. break down costs: Storage charges, Consolidation fee, Handling fee, Documentation fee.) Therefore, we created a simplified turnkey solution to ease out headaches and unwanted fees. Airway bill will be consigned to AVGO to avoid additional cost to you as there are handover charges from carrier's agent in the UAE.

- AVGO is your one dedicated interface making communication easier and more reliable.
- You will receive a complete daily reporting on all your orders from awaiting order readiness from your vendors location, through to POD.
- AVGO will provide a freight space with secured & very competitive prices for Sea and Air freight shipments.
- AVGO's agents based in the origin city have knowledge and experience of dealing with us for many years which means information quality is reliable and all paperwork is transmitted in a timely manner avoiding unnecessary delays in clearance causing additional costs to you.

2. **Inbound Macro Logistics** - If you want a very low-cost investment enabling you to have your stock close to your clients in the GCC area, we will provide you a warehousing facility and same day delivery via fast, or economic transport solutions to the rest of the GCC by air or road. All services designed according to your budget.

- We hold freight forwarding and general trading licenses which will allow us to serve as a gateway for companies who wish to service their clients in the GCC
- As a Customs Broker, we will custom clear your shipment, hassle free
- We import and export in our name making it seamless
- We have a vast distribution network utilizing FedEx, UPS, and have a strategic partnership with DHL throughout the GCC and Middle East

---

## **BENEFITS**

- More than 10 years of experience in handling DG
- GCAA approved Dangerous Goods transporter and IATA trained staff
- End-to-end documentation (including COO); DG Certification and declaration; DG Repacking
- Request for quotation can be obtained very quickly
- AVGO staff will provide potential routing information and ETA at destination
- An assigned AVGO Customer Focus Representative proactively updates you regarding shipment progress from origin to destination

## **WHY AVGO MIDDLE EAST IS RECOMMENDED AND TRUSTED IN UAE?**

**Experience:** Our AVGO Team are experts that works with speed, reliability, and professionalism. Our knowledge and intensive experience are proven to be successful. Familiarity with all aspects of transportation from pickup to delivery, allows us to provide our customers with unparalleled service.

**Flexible Shipping Alternatives:** For any quick, long distance, and secured moving requirements, we can use our OBC (On-Board-Courier) service or the Next Available Flight solution. If the item is non-urgent, we can send it normally by airfreight at a reduced rate. You have a choice between a dedicated drive if the time required and the distance from pick-up to delivery is feasible. If you require a total peace of mind provided by a dedicated chartered aircraft, we can give you the maximum control and flexibility to meet your criteria.

**Communication:** It is essential to track your shipment. We communicate pro-actively with our client, contacts and engineers about the processes and item destination to its way to your facility or grounded aircraft, to ensure the real-time status of shipment and secure a 100% transparency.

**Global Experience with a local presence:** We provide service to and from more than 200 countries around the world. Our experienced local Service Partners (DHL) assure this presence. AVGO's intensive network, contacts and local knowledge around the globe has enabled us to institute procedures that facilitate virtually immediate pickup, customs clearance, and payment of duties, reaching nearly every country in the world.

**Why AVGO is recommended by DHL, to transport Dangerous Goods from throughout the UAE all over the World?** We are trusted with our long-term business relationships that reflect our performance, integrity, flexibility, and consistency in providing high standard services to our clients. For any hazardous and quick moving requirements, AVGO handles everything.
